Billing No. 44
December 2008

Agreement to Rent Office Space, Equipment and Services – Amendment 4

This serves as Amendment 4 to the agreement for David Evans and Associates, Inc. (DEA) to rent co-located space, equipment and services in the Columbia River Crossing office.

WSDOT and DEA agree to an equitable sharing of the project office costs, based on the following assumptions:

For the period of January 1, 2008 through January 1, 2009, the basis for cost-sharing will be the following:

- a. Building lease monthly cost of \$26,884.01
- b. IT (computers, phones, printers, network services, and other support services) monthly cost of \$24,182.12
- c. Furniture (amortized over ten years) at a monthly cost of \$3,018.75
- d. Office supplies monthly cost of \$3,000.00
- e. Total monthly cost basis (sum of a-d) of \$57,084.88

DEA will compensate WSDOT for a minimum of 41 spaces in the office at a cost of 41 spaces out of 65 spaces (63%) of the mutually agreed upon cost of \$57,084.88. The minimum cost per month is \$36,007.39.

The following formula will apply monthly and supersedes the minimum monthly cost if DEA occupies more than 41 spaces for a majority of a month:

Total cost for month = (number of spaces occupied/65 spaces)(\$57,084.88)
 (35 Spaces occupied / 65) (\$57,084.88) = \$30,738.01

Lease (.48) EDφ3 = \$14,754.24
 Comp. (.43) JAφ7 = \$13,217.54
 Equip (.03) JCφ1 = \$922.14
 Supplies (.06) EAφ1 = \$1844.28
 \$30,738.01

NUMBER OF SPACES	COST PER MONTH
42	\$36,885.61
43	\$37,763.84
44	\$38,642.07
45	\$39,520.30
46	\$40,398.53
47	\$41,276.76
48 - 64	See formula above

Handwritten note: KAD \$30,738.01

CRC Open Houses Highlight the Project's Next Steps

On December 2 and 3, the Columbia River Crossing (CRC) project held open houses to provide updates on the project's progress since the adoption of a Locally Preferred Alternative (LPA) in July. A combined total of 181 people attended the events to learn about plans for light rail on Hayden Island and in Vancouver, a replacement bridge, and fixing seven highway interchanges between SR 500 and Columbia Blvd.

Attendees were able to view more than 30 display boards with illustrations and information on five topics; project overview, design and aesthetics, number of lanes, transit alignments, and highway and interchange design. Project staff from each discipline were on hand to answer questions on these areas where key decisions will be made over the next year.

Open house attendees were encouraged to provide their input on the upcoming decisions. A total of 67 written and oral comments were submitted. Public comments will help inform upcoming decisions on key issues. A report summarizing the comments will be provided to the Project Sponsors Council (PSC) at the January 9 meeting.

Design Engineering

During the month of December, the Design Team:

- Continued developing design deviations and exceptions for states' review.
- Met with the City of Vancouver and discussed options to reintroduce the SR 500 to Fourth Plain direct movement.
- Continued developing estimates for the 10-lane concept.
- Submitted the Draft Bridge Type Technical Report to panel members for review and comment.
- Prepared for and participated in meetings with the mayor-elect of Portland and the Urban Design Advisory Group (UDAG) over bridge types and upcoming bridge aesthetic workshops.
- Coordination meetings held with Oregon and Washington real estate services.
- Participated in meetings with the City of Vancouver and the City of Portland concerning the 10- and 12-lane concepts and attributes.
- Met with the Port of Vancouver and used their large vehicle turning templates to demonstrate vehicle movements through interchanges at Fourth Plain, Mill Plain, and SR 14.
- Met with representatives of Safeway to discuss access proposals and needs on Hayden Island.
- Completed preliminary staging plans for SR 14.
- Provided staging and casting yard site information to the Environmental Team.
- Attended Cost Estimate Validation Process (CEVP) workshops.
- Participated in meetings with the Pedestrian and Bicycle Advisory

Committee (PBAC) and Marine Drive stakeholders.

Environmental

During the month of December, the Environmental Team:

- Coordinated with resource agencies on endangered species issues.
- Coordinated with project sponsors and team members.
- Prepared initial sections of a Biological Assessment.
- Continued reviewing comments on the Draft Environmental Impact Statement (DEIS) and drafting responses.
- Coordinated with agencies on cultural resources; however, subsurface archaeological investigations were still on hold, pending agreement on approach and techniques with DAHP.

Transit

In December, the Transit Team finalized the project's transit schedule and handed it off to the CRC project scheduler for integration with the entire project.

The Team continued to support the transit outreach process for both Portland and Vancouver. The planners completed an introductory packet with background materials including a Best Practices for Light Rail Design briefing book (planning tools) for the Vancouver Working Group (VWG) and the neighborhood workshops. The Team also coordinated with the urban design specialists and outreach specialists at David Evans and Associates, Inc., Zimmer Gunsul Frasca, and JD White, a division of Berger/Abam. The Team worked with C-TRAN and the City of Vancouver to define the Walking/Bus Tour through Vancouver for members of the VWG and the neighborhood workshops.

The Team provided transit modeling support to Metro for the revised No Build Alternative for the Final Environmental Impact Statement (FEIS) and worked with C-TRAN to revise the background bus network for

consistency with approved C-TRAN and TriMet operating budgets and 20-year plans.

In addition, the Team reviewed the Transit Technical Report for revisions for the FEIS and provided responses to comments on the DEIS to the Environmental Team. Revisions to the Transit Technical, Final Definition of Transit Alternatives, and New Starts Definition of Alternatives reports were started in response to the Federal Transit Administration (FTA) comments.

The transit engineers continued to coordinate the engineering design documentation process. They provided quantities for CEVP costs for five transit alignment options. The Team worked on transit memos outlining transit decisions within the City of Vancouver on alignments, track configuration, and park-and-ride designs.

Transit supported other teams by preparing materials for outreach, graphics for meetings with agency partners, and coordinating designs with the Engineering Team.

Communications

In early December, the Communications Team supported the second Project Sponsors Council meeting and implementation of open house plans. This month, the Team also supported meeting development for the Vancouver Working Group workshops in January.

Transportation Planning

During the month of December, the Transportation Planning Team:

- Continued evaluating downtown Vancouver traffic operations for a variety of high-capacity transit (HCT) alignments and park-and-ride options.
- Continued assessing freeway and ramp traffic operations considering a capacity-constrained replacement bridge option (one- and two-auxiliary lane options).

- Continued assessing potential traffic operations associated with highway components (e.g., merge, diverge, weaves) that may need to be designed to less-than-standard provisions.
- Facilitated a Pedestrian and Bicycle Advisory Committee (PBAC) meeting focusing on issues at Hayden Island.
- Developed traffic forecasts for a variety of tolling scenarios.
- Developed information for the December PSC meeting.

Finance and Institutional

During the month of December, the Finance and Institutional Structures Team continued with the preparation of the toll sensitivity analysis. The Team reviewed the 2015 and 2030 traffic volume forecasts for each of the toll rate structure scenarios. These forecasts were then converted into hour-by-hour forecasts for the average day and year-by-year forecasts for the entire forecast period. Stantec began documenting these results in the Traffic and Revenue Forecast memorandum. PB Consult began analyzing the financial capacity of the various toll rate structure scenarios. The Team also developed a list of existing toll rate structures from comparable toll bridges in the U.S.

The Team worked with TriMet to revise its transit operations and maintenance (O&M) cost model to comply with FTA guidance for New Starts projects. A revised O&M cost report and forecast was prepared for FTA.

The Team began work with the Transit Coordinating Committee and C-TRAN to determine the appropriate C-TRAN service levels to be used in modeling for the FEIS. The Team developed a modeling approach to determine the amount of additional feeder service hours that can be added to the C-TRAN system, compared to the service levels used in the DEIS, while staying within the anticipated 0.3% increase in C-TRAN's sales and use tax rate. The Team also met with the Engineering Team to begin work on

the finance-related risk register to be used in the next round of CVEP cost estimates.

The Team assisted in the preparation of materials for the PSC. The Team reviewed Metro's urban growth code and Clark County's comprehensive plan to develop a comparison of growth management strategies. The Team also prepared final language and related explanatory material regarding federal statutory language to facilitate the project finance plan.

Work continued on the preparation of transit and highway agreements required to implement the CRC Project. The Team reviewed similar agreements used in other TriMet projects to determine the framework for the C-TRAN-TriMet agreement. Work also continued on reviewing bi-state contracting issues.

Upcoming Events

Design Engineering

In January, the Design Team will work with Oregon Department of Transportation (ODOT) and Washington Department of Transportation (WSDOT) on design exceptions and deviations for their eventual approval. Meetings and work products for the Marine Drive Stakeholders and Technical Groups will continue and resolution of the alignment is anticipated in the near future. Estimates will continue to be developed and refined for the February CEVP. Staging plans and schedules will also be readied for the CEVP. The Team will continue preparation for and will hold the Bridge Aesthetic Screening Workshop this month. Design refinements on the interchanges and ped/bike facilities will continue.

Transit

In January, the Transit Team will attend, facilitate, and support the work of the VWG and the Neighborhood Workshops on transit alignments and station area planning through downtown Vancouver. The Team will coordinate with the Environmental Team and

work on revisions to the Transit Technical Report in support of the FEIS. The Team will continue to respond to the FTA comments on the New Starts application and the application to enter PE. In particular, the group will address comments on the Project Management Plan, the New Starts Definition of Alternatives Report, and operating and maintenance costing.

The Transit Team will continue to provide modeling support for the FEIS and FTA New Starts updates, finalize the engineering design documentation process, update drawings of alignments based on new survey data, and coordinate with the other CRC teams.

Communications

The Communications Team is planning the following for January:

- Planning logistics and material development for the January and February Project Sponsors Council meetings.
- Supporting two Vancouver transit public workshops.
- Continuing to support project advisory groups, including the new Vancouver Working Group.
- Updating the project website and printed materials with current project information.
- Placing unstaffed informational displays to highlight LPA refinement at various locations in the project area.
- Scheduling and staffing presentations to neighborhood associations and community groups about the LPA selection, refinement of the LPA, and upcoming decisions related to number of lanes, transit alignment, and interchange design.
- Supporting two public meetings focused on the number of add/drop lanes.

Environmental

During the month of January, the Environmental Team will:

- Continue preparing responses to selected comments on the DEIS.
- Continue coordination with permitting agencies and tribes.
- Continue preparing the Biological Assessment.
- Secure approval to begin subsurface archaeological investigations.
- Continue Endangered Species Act (ESA) pre-consultation.
- Conduct environmental screening on potential bridge casting and staging sites.

Transportation Planning

During the month of January, the Transportation Planning Team will:

- Continue evaluating downtown Vancouver traffic operations for a variety of HCT alignments and park-and-ride options.
- Continue assessing freeway and ramp traffic operations considering a capacity-constrained replacement bridge option (one- and two-auxiliary lane options).
- Continue assessing potential traffic operations associated with highway components (e.g., merge, diverge, weaves) that may need to be designed to less-than-standard provisions.
- Facilitate a PBAC meeting and an FWG meeting.
- Develop information for the January PSC meeting.

Finance and Institutional

During the month of January, the Team anticipates finalizing the toll sensitivity analysis. This will include final preparation of the traffic and revenue report and the financial capacity analysis of the toll rate scenarios under examination. The Team will prepare materials for the Finance Committee

meeting set for the end of January. The Team will also prepare a plan for the toll-related origin/destination survey and stated preference survey, and seek a subcontractor to perform these studies in March/April.

The Team will also continue to prepare the project development and operations agreements and work on the finance-related risk register for the CVEP analysis. It will also complete its analysis of the transit service levels to be used in the FEIS.

CRC Financial Summary

TASK ORDER	AUTHORIZED AMOUNT	INVOICED / PAID TO DATE	TOTAL REMAINING BUDGET
AA	292,515	292,515	0
AB*	3,296,665	3,296,665	0

Total	\$63,121,142	\$882,143	\$43,279,006	69%

Project Schedule/Delivery

Phase I project work began with the approval of Task AB “start-up” package effective May 1, 2005. Task AC began November 1, 2005, and extended to April 30, 2007. Both task orders were closed out \$3.4 million under authorization. Phase II project work began with a notice to proceed for Task AD beginning March 1, 2007. Task AD was substantially complete August 31 and work is currently moving into the next phase of the project: Task AF.

Below are key project milestones that are being tracked to show progress to date.

ID	Task Name	Start	Finish	2007		2008				2009				2010					
				Q3	Q4	Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4		
1	Problem Statement / Purpose & Need	5/28/2007	1/18/2008	100%															
2	Draft FTA Initiation Package for CRC Alternative Analysis	5/28/2007	11/26/2007	100%															
3	Evaluation Framework	5/28/2007	11/5/2007	100%

Subject: FW: Configuration Management Plan
Attachments: Configuration_Management_Plan_SOP.pdf; Configuration Management - PMP Chapter 111708.doc

Team:

Recently, David Adams made a comment in the Quarterly Review Meeting notes from October 2008 that we were deficient in our Configuration Management documentation in the PMP. Andrew developed a process in the PMP called Change Management, which the highway side calls it, that covers a process when changes occur during design or construction. Obviously, David wants to see our PMP refer to it as a Configuration Management to cover this process. As this relate more to Transit, could you please work with Andrew to develop a more enlightened section relate to Configuration Management. Thank you.

To: Beagle, Andrew
Cc: Williams, Mike
Subject: FW: Configuration Management Plan

Andrew:

Attached are two (2) files containing information on configuration management from another Grantee, Sacramento Regional Transit, that you can review. We can discuss further when I am there the week of March 9th. This may be helpful in addressing this subject unless it is covered elsewhere in the PMP and not readily obvious.

In the meantime if you have any questions, please do not hesitate to contact me.

Thanks,

David S. Adams

Invoice No. 264448

Washington State Department of Transportation
PO Box 1709
Vancouver, WA 98668-1709

ORIGINAL
RECEIVED

JAN 08 2009

Attn: Kris Strickler, Deputy Project Director
Copy: George Humphrey, Agreements Engineer

Columbia River Crossing

SUBJECT: Project: Columbia River Crossing Project (CRCP)
Agreement Y-9245
DEA Project #: WDOT0000-0330 (Task AD, Task AF)
Period Ending: December 27, 2008

Transmitted herewith is our invoice for the referenced period. The tasks invoiced for the period from November 30, 2008 through December 27, 2008 include:

		Labor	Expenses	Total
Task AD	Phase 2	\$0.00	\$0.00	\$0.00
Work Element 1.0	Project Management	\$0.00	\$0.00	\$0.00
Work Element 2.0	Project Controls	\$0.00	\$0.00	\$0.00
Work Element 3.0	Financial Structures	\$0.00	\$0.00	\$0.00
Work Element 4.0	Communications	\$0.00	\$0.00	\$0.00
Work Element 5.0	Transportation Planning	\$0.00	\$0.00	\$0.00
Work Element 6.0	Environmental	\$0.00	\$0.00	\$0.00
Work Element 7.0	Transit Planning and Engineering	\$0.00	\$0.00	\$0.00
Work Element 8.0	Highway Planning and Engineering	\$0.00	\$0.00	\$0.00
Work Element 9.0	Implementation Plan	\$0.00	\$0.00	\$0.00
Total Task AD				\$0.00
Task AE	Task AF Scoping	\$0.00	\$0.00	\$0.00
Work Element 1.0	Scoping	\$0.00	\$0.00	\$0.00
Total Task AE				\$0.00
Task AF	Phase 2	\$833,398.79	\$48,744.23	\$882,143.02
Work Element 1.0	Project Management	\$28,598.59	\$24,312.11	\$52,910.70
Work Element 2.0	Project Controls	\$64,438.52	\$192.00	\$64,630.52
Work Element 3.0	Financial Structures	\$36,537.89	\$164.47	\$36,702.36
Work Element 4.0	Communications	\$58,143.76	\$1,834.01	\$59,977.77
Work Element 5.0	Transportation Planning	\$76,830.88	\$3,241.11	\$80,071.99
Work Element 6.0	Environmental	\$126,512.19	\$1,503.81	\$128,016.00
Work Element 7.0	Transit Planning and Engineering	\$109,022.27	\$827.19	\$109,849.46
Work Element 8.0	Highway Planning and Engineering	\$333,314.70	\$16,669.53	\$349,984.23
Work Element 9.0	Implementation Plan	\$0.00	\$0.00	\$0.00
Total Task AF				\$882,143.02
TOTAL AMOUNT THIS INVOICE				\$882,143.02

Total Amount Due This Invoice:	\$882,143.02
Less Credit for Rent of Office Space, Equipment and Services (Period: 11/30/08-12/27/08, 35 spaces) Per Agreement Dated 1/14/08:	\$30,738.01
Net Amount Due:	\$851,405.01

I certify the amounts listed above have been properly incurred in the accomplishment of the services of this Contract. Attached is the backup for this invoice.

Should you have any questions regarding this invoice please contact Ron Anderson or Dann Horowitz at 360.737.2726. Please remit payment to:

David Evans and Associates, Inc.

Ted Aadland

Subject: Continuation of ROW needs adjacent to structures
Location: CRC office—Columbia River South

Start: Thu 11/6/2008 12:30 PM
End: Thu 11/6/2008 2:30 PM

Recurrence: (none)

Meeting Status: Accepted

Actual hours (2.5 hrs on 11/6/08)
12:30 Pm - 3 Pm

We'll continue our discussion on the Washington land side, specifically looking at:

- North end of main river crossing over land
- I-5 NB to SR14 EB bridge near ROW pinch point at Old Apple Tree Park
- Loop ramps at I-5/SR 14 Interchange
- Walls near Evergreen Blvd., both east and west of I-5
- Wall at NW quadrant of I-5/Fourth Plain I/C
- Area near 29th St. and 33rd St. bridge abutments
- Tunnel from I-5 S to Fourth Plain
- Wall at NW quadrant of I-5/39th St
- Bridge/walls at WB SR 500 to NB I-5
- Other areas as needed

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial statements. This includes not only sales and purchases but also expenses, income, and any other financial activity.

The second part of the document provides a detailed breakdown of the accounting process. It starts with the identification of the accounting cycle, which consists of eight steps: identifying the accounting cycle, analyzing and journalizing the transactions, posting to the ledger, determining debits and credits, preparing a trial balance, adjusting the entries, preparing financial statements, and closing the books.

The third part of the document focuses on the preparation of financial statements. It explains how to use the trial balance to identify any errors and how to adjust the entries to reflect the true financial position of the company. It also discusses the importance of reviewing the financial statements for accuracy and consistency.

The fourth part of the document discusses the role of the accountant in the business. It highlights the need for the accountant to be objective, honest, and ethical in their work. It also emphasizes the importance of staying up-to-date on the latest accounting standards and regulations.

The fifth part of the document provides a summary of the key points discussed in the document. It reiterates the importance of accurate record-keeping, the accounting cycle, the preparation of financial statements, and the role of the accountant.

Cities

- Sam Adams, Mayor-Elect, City of Portland
- Royce Pollard, Mayor, City of Vancouver

Metropolitan Planning Organizations

- David Bragdon, President, Metro Council
- Steve Stuart, Vice Chair, Southwest Washington Regional Transportation Council

Transit Agencies

- Fred Hansen, General Manager, TriMet
- Tim Leavitt, Chair of the Board of Directors, C-TRAN

Meetings

The Council will begin meeting in November 2008 and is expected to continue meeting until construction begins.

Meetings will take place at least quarterly and will typically last for two hours. The meeting locations are still to be determined. Meeting venues will be accessible by public transit and meet ADA standards. Meeting agendas and materials will be posted on the CRC Web site one week prior to each meeting.

All Council meetings will be open to the public. Written comments will be received during Council meetings. Public comment, via mail, e-mail, fax or phone, is encouraged by the CRC project at any time. All public comments will be summarized and provided to the Council on a monthly basis.

Proposed Meeting Schedule:

- 10:00 a.m. – 12:00 p.m., December 5, 2008 (Portland Building, 2nd floor, Rm. C, Portland, OR 97204)
- 1:00 – 3:00 p.m., January 30, 2009 (Vancouver location, TBD)
- 1:00 – 3:00 p.m., February 27, 2009 (Portland location, TBD)

Columbia River CROSSING Draft Meeting Summary

MEETING TITLE: Project Sponsors Council
DATE: November 4, 2008, 1:00 pm – 3:00 pm
LOCATION: Washington State Department of Transportation, SW Region
11018 NE 51st Circle, Vancouver WA

ATTENDEES:

Dengerink, Hal (Chair)	Chancellor, Washington State University, Vancouver
Hewitt, Henry (Chair)	Past chair, Oregon Transportation Commission
Adams, Sam	Mayor-elect, City of Portland
Bragdon, David	Council President, Metro
Garrett, Matthew	Director, Oregon Department of Transportation
Hammond, Paula	Secretary, Washington State Department of Transportation
Hansen, Fred	General Manager, TriMet
Leavitt, Tim	Chair of the Board of Directors, C-TRAN
Pollard, Royce	Mayor, City of Vancouver
Stuart, Steve	Vice-chair, SW Washington Regional Transportation Council

Note: Meeting materials and handouts referred to in this summary can be accessed online at:
http://www.columbiarivercrossing.org/FileLibrary/MeetingMaterials/PSC/PSC_MeetingMaterials_110408.pdf

Welcome and introductions

Citizen co-chairs Hal Dengerink and Henry Hewitt welcomed the group and asked them to introduce themselves. Co-chair Dengerink said the Columbia River Crossing (CRC) project is a high priority for the governors of Oregon and Washington. He added that the Project Sponsors Council's role is to provide advisory input to decision makers.

Council charter and protocols

Discussion of whether to assign alternates

Dengerink explained that the Project Sponsors Council ("the Council") has been set up without alternates. Mayor-elect Sam Adams said he would like the option of assigning an alternate for meetings where he is unexpectedly unable to attend. A discussion followed in which several Council members emphasized the importance of having all members in attendance. Dengerink said the Council could follow the approach used in the past by the CRC Task Force in which members assigned non-voting alternates. The Council agreed that alternates will be allowed to attend a meeting but will not be used for meetings in which decisions must be made. Council members also agreed that attendance would be a high priority.

Meeting schedule

Dengerink said the Council will likely meet once a month for the near future. WSDOT regional administrator Don Wagner said the following dates were checked for future availability and held on Council members' schedules: Dec. 5, 10am-12pm; Jan. 30, 1pm-3pm; and Feb. 27, 1pm-3pm. Some members expressed concern with the January date. CRC staff will reschedule. The meeting locations will alternate between Portland and Vancouver. Secretary Paula Hammond asked the group to be mindful, when choosing dates, of the Washington state legislative session kickoff.

December 23, 2008

Ron Anderson
David Evans Associates
c/o Columbia River Crossing Project
700 Washington Str. Ste. 300
Vancouver, WA 98660

Dear Mr. Anderson,

For the billing period of November 23, 2008 to December 20, 2008, EnviroIssues, Inc. accomplished the following tasks related to the Columbia River Crossing Project communications program:

4.1 Project Management and Quality Control

- Provided project oversight and tracked tasks for the Communications Team; provided internal QA/QC on all deliverables
- Tracked expenses and invoices for communications-related project costs
- Prepared monthly billing summary (invoice)
- Maintained a spreadsheet for team tracking of communications deliverables and project tasks with weekly updates
- Participated in weekly meetings with consultant lead
- Participated in weekly meetings with Communications Manager and Outreach and Planning Assistant
- Provided strategic communications support, developed and revised public process/communication plans for upcoming project decisions
- Submitted communications team portion of monthly consultants report for November 2008
- Began drafting December 2008 consultants report
- Submitted estimate of number of staff hours needed to meet new state requests outside of current scope
- Met with document control to review deliverables process for Task AF
- Closed out Task AD by finalizing remaining deliverables and sending to document control

4.2 Group Support

- Provided the following support to the Urban Design Advisory Group:
 - Prepared materials for the December meeting
 - Drafted and sent reminder email to UDAG member for December meeting
 - Attended December meeting to take notes and handle logistics
 - Revised and confirmed membership list; coordinated web update
 - Drafted meeting summary for December meeting
 - Facilitated posting of meeting materials to CRC web site

- Scheduled the January workshop
- Provided the following support to Project Sponsors Council:
 - Coordinated meeting materials and logistics for the December 5 meeting
 - Researched open meeting laws; finalized memo summarizing open meetings laws in both states for PSC members
 - Prepared internal agenda for PSC chairs and CRC staff
 - Coordinated with City of Portland staff to prepare for the December meeting's technical and AV logistics
 - Participating in directors' review of meeting materials; reviewed all materials for consistency, grammar and spelling before posting online
 - Drafted and distributed email to members about the materials and logistics of December 5 meeting
 - Staffed the December 5 meeting
 - Drafted the meeting summary for the December 5 meeting
 - Coordinated with member's staff to determine meeting dates and locations for 2009
 - Emailed members dates and locations for the 2009 meetings
 - Began material preparation for the January meeting
 - Prepared a contact list of PSC members for the chairs
- Completed the following tasks related to the Vancouver Working Group:
 - Met with CTran staff about meeting logistics for the Vancouver Working Group meeting and workshops: budget planning, anticipating tasks, meeting planning, food, room set-up, etc.
 - Scheduled venues for the Jan. 10 and 14 transit workshops
 - Assisted with planning for postcard mailing
 - Researched and contacted the Vancouver Housing Authority to inquire about using their space for monthly meetings
 - Confirmed EnviroIssues staff to support for Vancouver Working Group meeting and transit workshops
- Completed the following tasks related to the greenhouse gas analysis expert review panel:
 - Drafted panel report, facilitated CRC staff review; reconciled and incorporated changes
 - Sent draft report to panelists for review
 - Provided draft meeting summary to CRC staff and panelists
- Directed formatting of final travel demand model independent review panel report
- Participated in two project task managers meetings
- Developed agenda and participated in four Communications Team meetings

4.3 Communications Materials

- Completed the following work related to open house-related materials:
 - Display boards: Supported review of final layout of display boards
 - Comment form: Revised draft and completed layout
- Completed the following work related to new fact sheets/folios/graphics:
 - Environmental benefits: edited draft based on state review and completed layout
 - Design constraints: Submitted draft text

- Completed the following work related to notification materials for the December 2-3, 2008 open houses:
 - Email/web text for partner agencies: distributed text to partner agencies
 - Email reminder to neighborhood associations: Drafted and sent following state approval
 - Email reminder to advisory group members: Drafted and sent following state approval
- Developed or revised talking points on the following:
 - Design constraints
 - Number of lanes
 - Comprehensive (revision in preparation for Dec. 2-3 open houses)
- Submitted plan for new web updates for early 2009
- Drafted PowerPoints for the following meetings: Port of Vancouver Board of Commissioner, City of Vancouver City Council Workshop
- Reviewed and updated the base PowerPoint
- Provided web calendar updates to WSDOT staff for posting on the CRC web calendar

4.4 Communications Tracking and Response

- Monitored feedback emails – 15 total emails received
- Manually responded to all project-related emails to the feedback inbox using approved auto-response text
- Drafted, submitted for review and sent 6 emails or letters to respond to questions
- Added names and contact information from community meetings and open houses into the database – 3,926 emails and 11,737 physical addresses total in database as of December 22, 2008
- Delivered all incoming comments and meeting summaries to Parametrix for delineation
- Drafted and finalized the November communications summary and coordinated with the Environmental team to incorporate a summary of Octobers public comments
- Reviewed the draft comment summary for the December open houses and provided comments back to Parametrix

4.5 Public Outreach and Engagement

- Scheduled and delivered unstaffed display to St. John's Community Center and Three Creeks Library
- Completed the following tasks related to December open houses
 - Finalized meeting plan
 - Revised and updated the workback schedule
 - Finalized the notification summary
 - Confirmed display ads ran in newspapers
 - Confirmed venue logistics
 - Finalized room layouts and emailed them to the venue coordinators
 - Picked up and paid for a rental van for transportation of open house materials
 - Coordinated and staffed the staff prep session and prepared a staff prep packet, including updated talking points

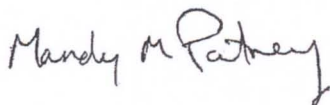

- Attended both open houses and completed set-up, take-down and answered questions
- Paid for display ads for the Columbian, El Hispanic News, Portland Observer, Portland Tribune, The Reflector, and the The Skanner
- Performed the following tasks related to scheduling:
 - Confirmed staffing and logistics for 3 outreach presentations
 - Coordinated PowerPoint needs for presentations
 - Prepared staff with list of possible questions and concerns
 - Maintained the master calendar database
 - Prepared helper packets for presenters
 - Printed and prepared meeting materials for project meetings and events
 - Completed event summaries and tracked follow up for all community meetings attended
 - Began drafted an outreach plan for early 2009
- Emailed the 16 neighborhoods in the BIA to request time on their agenda in January and February for a discussion about add/drop lanes

4.6 Media Support

- Tracked daily media clippings related to CRC (4 articles/blog posts)
- Wrote a summary of November media articles for inclusion in monthly communications summary
- Sent news release on the December open houses
- Sent news release on Project Sponsors Council Dec. 5 meeting
- Drafted news release for Project Sponsors Council Jan. 9 meeting; submitted for review
- Submitted proposal for press briefing on results of greenhouse gas analysis independent review

During this period we spent \$42,812.77. Our total budget for this task is \$945,925.00 leaving a remaining budget of \$791,409.26. If you have any questions, Please contact me at 360-816-2163.

Sincerely,
EnviroIssues

Mandy Putney
Associate III
Enclosure

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial statements. This includes not only sales and purchases but also expenses, income, and transfers between accounts.

The second part of the document provides a detailed explanation of the accounting cycle. It outlines the ten steps involved in the process, from identifying the accounting entity to preparing financial statements. Each step is described in detail, including the necessary documents and procedures to follow.

The third part of the document discusses the various methods used to record transactions. It compares the double-entry system with the single-entry system, highlighting the advantages and disadvantages of each. It also explains how to use T-accounts to organize and summarize the data.

The fourth part of the document covers the process of adjusting the accounts. It explains why adjustments are necessary and how they are made. It discusses the different types of adjustments, such as accruals, deferrals, and depreciation, and provides examples of how to record them.

The fifth part of the document discusses the preparation of financial statements. It explains how to use the adjusted trial balance to prepare the income statement, balance sheet, and statement of owner's equity. It also discusses the importance of comparing the results of the current period with those of the previous period.

The sixth part of the document discusses the closing process. It explains how to close the temporary accounts (revenues, expenses, and owner's drawings) to the permanent accounts (retained earnings and owner's capital). It provides a step-by-step guide to the closing process, including the necessary journal entries.

The seventh part of the document discusses the importance of internal controls. It explains how to design and implement controls to prevent errors and fraud. It discusses the different types of controls, such as segregation of duties, authorization, and documentation.

The eighth part of the document discusses the use of technology in accounting. It explains how to use accounting software to automate the recording and processing of transactions. It also discusses the importance of data security and backup procedures.

The ninth part of the document discusses the role of the accountant. It explains the different types of accountants and their responsibilities. It also discusses the ethical standards that accountants must follow.

The tenth part of the document discusses the future of accounting. It discusses the impact of new technologies and regulations on the profession. It also discusses the skills and knowledge that accountants need to succeed in the future.

Services from 11/17/08 through 12/21/08

Dear Mr. Anderson:

This is a cover letter for invoice #10351. Our work during this period included project consultation, field explorations including utility locates, initial laboratory testing, preparation and submittal of soil logs for CRC-RC-024A and CRC-OB32-2. We estimate $\pm 57\%$ of the total work scope has been completed. A summary of the project budget is shown in Table 1.

Table 1. Project Budget Summary

Item	Amount
Current invoice	\$12,243.92
Prior project invoice	\$15,329.51
Total-to-date	\$27,573.43
Budget amount	\$48,796.00
Percent expended of budget	$\pm 57\%$
Remaining budget	\$21,222.57

We trust this information meets your present needs. Please call if you have any questions.

Sincerely,

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial statements. This includes not only sales and purchases but also expenses, income, and transfers.

The second part of the document provides a detailed explanation of the accounting cycle. It outlines the ten steps involved in the process, from identifying the accounting entity to preparing financial statements. Each step is described in detail, with examples provided to illustrate the concepts.

The third part of the document focuses on the classification of accounts. It explains how to distinguish between assets, liabilities, and equity accounts, and how to further subdivide them into current and non-current categories. This classification is essential for preparing the balance sheet and the statement of financial position.

The fourth part of the document discusses the importance of the double-entry system. It explains how every transaction affects two or more accounts, and how the total debits must always equal the total credits. This system helps to ensure the accuracy of the accounting records and provides a built-in check on the work.

The fifth part of the document covers the preparation of the journal. It explains how to record transactions in the journal, including the date, a description of the transaction, and the amounts debited and credited. The journal is the first step in the accounting cycle and provides a chronological record of all business transactions.

The sixth part of the document discusses the transfer of data from the journal to the ledger. It explains how to post the journal entries to the ledger accounts, and how to calculate the ending balances for each account. This step is crucial for the preparation of the financial statements.

The seventh part of the document covers the preparation of the trial balance. It explains how to list all the ledger accounts and their ending balances, and how to verify that the total debits equal the total credits. The trial balance is a useful tool for checking the accuracy of the accounting records.

The eighth part of the document discusses the preparation of the financial statements. It explains how to use the data from the ledger to prepare the income statement, the statement of financial position, and the statement of owner's equity. Each statement is described in detail, and examples are provided to illustrate the process.

The ninth part of the document covers the closing process. It explains how to close the temporary accounts (revenues, expenses, and dividends) to the permanent accounts (retained earnings and owner's equity). This process is necessary to reset the temporary accounts for the next accounting period.

The tenth part of the document discusses the importance of adjusting entries. It explains how to record adjustments for accrued revenues, accrued expenses, prepaid expenses, and unearned revenues. These adjustments are necessary to ensure that the financial statements reflect the true financial position of the business at the end of the period.

Work Element 8.0, Highway Planning and Engineering

MONTHLY PROGRESS REPORT

To: Dann Horowitz, David Evans & Associates, Inc.
Allan McDonald, David Evans & Associates, Inc.

From: Rob Turton, HDR Engineering, Inc

Date: 12/30/08

Period Ending: 12/31/08

Activities:

- Preparation for and participation in December UDAG meeting
- Preparation for and participation in meeting with Mayor-elect Adams
- Preparation of and responding to panel member comments on draft River Bridge Technical Screening Report
- Preparation for and participation in project meetings (Bridge, Right-of-Way, Engineering, Coast Guard, etc.)
- Development of additional information for BA (temporary and permanent disturbance areas for in-water work, in-water work window impacts on construction schedule, etc.)
- On-going project coordination and administration.
- Support for landside (Hayden Island) geotechnical exploration
- Initiated development of preliminary layouts for river crossing approach spans
- Preparation for January UDAG/River Bridge Aesthetic Screening workshop
- Initiated preparation for CEVP and attended associated meetings
- Initiated preliminary ship impact study

Deliverables:

- Draft BA input
- UDAG Presentation
- November Bridge Meeting minutes
- Draft River Bridge Technical Screening Report

Other Items:

- None

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial statements. This includes not only sales and purchases but also expenses and income. The document provides a detailed explanation of how to categorize these transactions correctly, ensuring they are recorded in the appropriate accounts.

The second part of the document focuses on the process of reconciling the books. It explains that reconciliation is a critical step in the accounting cycle, as it allows the business owner to verify that the internal records match the external statements, such as bank statements. The document outlines the steps involved in this process, from identifying discrepancies to investigating their causes and making necessary adjustments.

The third part of the document discusses the importance of regular backups of financial data. It highlights that in the event of a system crash or data loss, having a recent backup can be crucial for recovering the information. The document provides recommendations on how often to back up data and where to store the backups securely.

Finally, the document concludes with a summary of the key points discussed and offers some final thoughts on the importance of diligent financial record-keeping for the long-term success of the business.

PROGRESS REPORT

Columbia River Crossing
WSDOT/ODOT
Task No. AF
David Evans and Associates, Inc.

Date: December 30, 2008
Invoice No.: HRA 0330-AD-13
Through: December 30, 2008

Reported by: Kathryn Toepel, Heritage Research Associates, Inc.

Work accomplished in current period:

- * project review
- * meetings and coordination with Parametrix and CRC
- * attendance at CRC meetings
- * additional preparation of archaeological work plan for Academy area and mobilization for commencement of field investigations
- * progress on report preparation for archaeological monitoring of geotech borings

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be recorded to ensure the integrity of the financial statements. This includes not only sales and purchases but also expenses, income, and transfers.

The second part of the document provides a detailed explanation of the accounting cycle. It outlines the ten steps involved in the process, from identifying the accounting entity to preparing financial statements. Each step is described in detail, with examples provided to illustrate the concepts.

The third part of the document discusses the various types of accounts used in accounting. It explains the difference between assets, liabilities, and equity accounts, and how they are classified. It also discusses the importance of understanding the normal balances for each type of account.

The fourth part of the document discusses the process of adjusting entries. It explains why adjusting entries are necessary and how they are recorded. It provides examples of common adjusting entries, such as depreciation, amortization, and accruals.

The fifth part of the document discusses the preparation of financial statements. It explains how the adjusted trial balance is used to prepare the income statement, balance sheet, and statement of owner's equity. It also discusses the importance of comparing the financial statements to the previous period to identify trends.

The sixth part of the document discusses the closing process. It explains how the temporary accounts (revenues, expenses, and dividends) are closed to the permanent accounts (retained earnings). It provides a step-by-step guide to the closing process.

The seventh part of the document discusses the importance of internal controls. It explains how internal controls help to prevent errors and fraud, and how they can be designed to protect the organization's assets.

The eighth part of the document discusses the role of the accountant. It explains the various responsibilities of an accountant, including recording transactions, preparing financial statements, and providing financial advice to management.

The ninth part of the document discusses the importance of ethics in accounting. It explains how accountants are expected to follow a code of ethics and how this helps to maintain the trust of the public.

The tenth part of the document discusses the future of accounting. It discusses the impact of technology on the profession and the need for accountants to stay current in their knowledge and skills.

Subject: RE: Ia Invoice

RECEIVED
FEB 25 2009
Columbia River Crossing

Hi Dann,

I participated in a conference call on 12/1 for 1.5 hours.

This is the first time we've been asked for a Progress Report, meaning that you have other invoices for which you don't have a specific accounting of my time. Are those invoices also being held? Is there a particular form we should have known about? If so, please send that to Patti so we can be sure to use it in the future.

Thanks.

Have a great vacation!

Faith

Subject: Ia Invoice

Hi Patti – WSDOT is just reviewing this invoice and noticed that there isn't a progress report explaining what was done for the billed 1.5 hours. Could you please check with Faith and let me know what work was performed?

Please reply to all so that Lynn Rust will also see the response, and many thanks in advance!

Dann

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This not only helps in tracking expenses but also ensures compliance with tax regulations.

In the second section, the author provides a detailed breakdown of the company's revenue streams. This includes sales from various product lines and services. The data shows a steady increase in revenue over the past year, which is attributed to strategic marketing efforts and product diversification.

The third section focuses on the company's operational costs. It identifies the major areas where expenses are incurred, such as salaries, rent, and utilities. The author suggests several ways to optimize these costs, including negotiating better terms with suppliers and improving energy efficiency.

Finally, the document concludes with a summary of the overall financial performance. It highlights the company's strong position in the market and its potential for future growth. The author encourages continued investment in research and development to stay ahead of the competition.

Re: Progress Report for December Invoiced Work

In support of Task AF Columbia River Crossing Tri/Met/Metro/CRC Coordination, John Parker Consulting attended 7 meetings during the month of December in order to provide input on travel demand modeling and Summit modeling for the analysis of alternatives that have the potential to be advanced to the Federal Transit Administration. In addition, a small amount of time was spent outside of these meetings to help advance discussions on issues related to the project and to review miscellaneous project materials and documents.

12/2

JPC participated in the MST meeting. Discussion topics included a revised schedule, the Base Year model run, the comparative No-Build level of service model runs, the 5-lane bridge capacity sensitivity run and the value of time (VOT) and base toll assumptions. – **2 hours**

12/9

JPC participated in the MST meeting to discuss the project schedule and review results from the Base Year model run. Discussion items also included the comparative No-Build level of service model runs, the 5-lane bridge capacity sensitivity run and the value of time (VOT) and base toll assumptions. – **2 hours**

12/15

JPC participated in a conference call/meeting to discuss results from the comparative No-Build level of service model runs. – **0.5 hours**

12/16

JPC participated in the MST meeting to discuss the definition of the No-Build alternative and the No-Build level of service assumptions, the Base Year model run, and the 5-lane bridge capacity sensitivity run. – **2 hours**

12/19

JPC participated in a meeting/conference call to discuss the findings of the comparative No-Build level of service runs and how the definition of the No-Build alternative relates to project financing and potential project rating. – **1.5 hours**

12/22

JPC participated in a follow up discussion/conference call to discuss two items related to recent PSC and SASS discussions: – **1 hour**

- 1) Conducting a sensitivity analysis of reduced I-5 bridge capacity on cross-river vehicle and transit trips; and
- 2) Using the recent analysis of No-Build background bus service on the CEI to understand the sensitivity of cross-river transit and vehicle trips to changes in the level of CTRAN service hours.

December 29, 2008

12/23

JPC participated in the MST meeting/conference call. Discussion items included response to PCS Questions concerning 5 and 6 lane bridge configurations and increased C-TRAN level of service. The team also discussed the No-Build level of service and the TDF schedule and integration with the overall project schedule. – 1 hour

12/10/2008	2.75	Writing: summary of no-build network issues; Miscellaneous: research transit impacts reports, file management, read/respond to email, meeting preparation/follow-up.
12/11/2008	1.75	Miscellaneous: research transit impacts reports, file management, read/respond to email, meeting preparation/follow-up.
12/14/2008	1.00	Miscellaneous: file management, read/respond to email, meeting preparation/follow-up.
12/15/2008	1.50	Meeting: conference call on No-Build network; Miscellaneous: file management, read/respond to email, meeting preparation/follow-up.
12/16/2008	6.00	Meeting: Modeling Support Team; Writing: summary of New Starts guidance on No-Build transit networks, agenda for MST meeting; Miscellaneous: research New Starts guidance on No-Build transit networks, file management, read/respond to email, meeting preparation/follow-up.
12/17/2008	3.25	Meeting: TDF and FEIS schedule; Miscellaneous: review transit impacts results report, review/comment on draft FEIS schedule, file management, read/respond to email, meeting preparation/follow-up.
12/19/2008	3.50	Meeting: No-Build Alternative bus network; Writing: summary of background material on background NB bus service levels, revised TDF schedule; Miscellaneous: invoicing, research background material on background NB bus service levels, file management, read/respond to email, meeting preparation/follow-up.
12/22/2008	4.00	Meeting: conference call on NB bus network; Writing: MST meeting agenda and notes; Miscellaneous: file management, read/respond to email, meeting preparation/follow-up.
12/23/2008	2.50	Meeting: modeling support team conference call; Writing: revised TDF schedule; Miscellaneous: file management, read/respond to email, meeting preparation/follow-up.
12/29/2008	2.75	Meeting: TDF/FEIS schedule; Miscellaneous: file management, read/respond to email, meeting preparation/follow-up.
12/30/2008	3.00	Writing: revised TDF schedule; Miscellaneous: invoicing, file management, read/respond to email, meeting preparation/follow-up.
Total	54.75	

Invoice

Columbia River Crossing Project – Invoice #27
For the Period December 1 – 31, 2008
 Page 1 of 11

December 31, 2008

To: Dann Horowitz, David Evans and Associates, Inc.
 From: Leon Skiles, President, Leon Skiles & Associates, Inc.
 Re: **Invoice for the Columbia River Crossing (CRC) Project WDOT000-0330**

Following is a summary of charges incurred by Leon P. Skiles under the consultant/sub-consultant agreement between David Evans and Associates, Inc. and Leon Skiles & Associates, Inc. for the CRC Project for the current billing period: December 1 – 31, 2008 (Table 1) – DEA Contract Y-9245, Task Order AF. Table 2 provides a summary of the status of the budget and invoices to date, reflecting this invoice. Additional detail on the date and type of activity is provided in Table 3; Tables 4-1 and 4-2 provide a summary of direct reimbursable expenses by task; and Table 5 provides a breakdown of hours per task.

Horowitz fixed amount invoice. Acc 2-24-09

Table 1
Summary of Expenses Incurred
December 1 – 31, 2008

Item	Amount
Hourly Fee for Leon P. Skiles (President) ¹	\$8,212.50
Direct Expenses/Reimbursables ²	\$194.71
Total	\$8,407.21

- 1 Hourly fee total is 54.75 at \$150.00 per hour (see Table 3).
- 2 See Table 4-1 and 4-2 (expenses in Table 4-2 are for November 2008, which were not included in the November 2008 invoice).

58,407.21

Table 2
Budget/Expenditure Status
As of December 31, 2008

Subject: FW: Invoice: CRC Project #27 - December 2008 - Thanks
Attachments: DEA CRC Invoice - LSA #27 - December 2008.with signature.pdf

Leon – Lynn Rust, in reviewing this invoice, just noticed that the totals for your December invoice also don't match, something I managed to miss. Ugh.

Basically, you short billed us \$194.71 on your last invoice, because you only billed \$8212.50, instead of \$8407.21. Please feel free to add a line to your next invoice (due Monday), including this additional \$194.71, with a note explaining that this is the amount short paid on your invoice #27.

Cheers!

Dann

Monthly Progress Report

DEA Contract No. Y-9245, Task Order AD; Work Order Number XL 2268

Project Number WDOT-000-0330

- I. Major activities/products completed or in progress during this period:**
- Provided strategic advice to CRC on communications with Metro and other project participants;
 - Helped establish, prepared for and participated in the bi-weekly New Starts Strategy Group meetings;
 - Provided strategic advice to CRC staff on transit modeling for the New Starts application;
 - Prepared a summary of strategic and tactical issues related to the FEIS and New Starts update modeling schedule;
 - Met with Lehto, Heilman, Parisi, Siegel and others to discuss tolling model runs and schedule for the FEIS and New Starts update;
 - Met with Higgins and Bosa to discuss model runs and schedule for the FEIS and New Starts update and Metro's role;
 - Prepared, revised and maintained project's FEIS and New Starts update modeling schedule;
 - Provided summaries of modeling tasks and progress;
 - Assisted in responding to the modeling peer panel's comments on forecasting documents, including review, comment and edits;
 - Assisted in revising the operating plans for the alternatives to be modeled for the FEIS;
 - Provided strategic advise on Summit modeling implementation; and
 - Researched and summarized FTA's requirements for assessing population and employment within station areas and/or station area clusters.
- II. Schedule for Work – Next Monthly Period:**
- Continue to provide QA/QC for additional model runs from Metro as produced;
 - Continue to provide draft revisions to modeling schedule;
 - Oversee the CRC QA/QC process and teams for FEIS model runs;
 - Bi-weekly New Starts Strategy Group meetings;
 - Weekly Modeling Support Team meetings;
 - Assist in preparing revisions to the New Starts submittal, if needed;
 - Continue to assist in tolling sensitivity runs and documentation;
 - Review/comment on draft CRC documents as prepared.

Invoice

Columbia River Crossing Project – Invoice #27

For the Period December 1 – 31, 2008

Page 6 of 11

III. Problems/Potential Causes for Delay:

- Delay in inputs/decisions for travel demand forecasting model runs could delay the preparation of travel demand forecast and related results needed for the FEIS, which could delay the preparation of the FEIS or portions of the FEIS.
- FTA's comments on the New Starts submittal (including the definition of the alternatives, the modeling methods and user benefit calculation methods) could require revised model runs for the PE Application and New Starts submittal.
- Lack of certainty on model output needed for the FEIS, traffic analysis and tolling sensitivity runs could delay the initiation of FEIS model runs.
- Changes in the definition of the transit portion of the project could affect the FTA cost effectiveness index for the transit portion of the project, which could require other changes.
- FTA's guidance on addressing uncertainty in travel demand forecasts and a build-up modeling process may add additional steps to the modeling process and could affect the results, especially for the potential New Starts update.

IV. Decisions Pending/Information to be Provided by Others:

- FTA's comments on the New Starts submittal (including the definition of the alternatives, the modeling methods and user benefit calculation methods);
- Schedule for inputs/decisions defining the transit and highway portions of the project needed for travel demand forecasting model runs;
- Refinement of the transit and highway definition of the project; and
- Deadlines for other tasks dependent on the travel demand forecasts.

V. Other Noteworthy Information:

- None.

Subject: FW: CRC Travel Restrictions: In travel status request

fyi

From: Taylor, Megan [mailto:taylorm@columbiarivercrossing.com]
Sent: Monday, December 01, 2008 4:43 PM
To: Kirsten J. Anderson
Cc: Heilman, Jeff; McConnaha, Colin; Minor, Rick
Subject: RE: CRC Travel Restrictions: In travel status request

Kirsten,

Lynn gave her verbal approval for you and Rick to travel. She will follow-up in an email tomorrow with written approval after she collects more information. She wasn't sure about HRA's situation. Also, she didn't seem to like that we rent a car and charge mileage, or that everyone drive's up separately. I am not sure how to address those concerns.

Megan

From: Taylor, Megan
Sent: Monday, December 01, 2008 9:06 AM
To: Rust, Lynn
Cc: Anderson, Ron; Horowitz, Dann; Humphrey, George; Daly, Keith; Beagle, Andrew; Heilman, Jeff; Anderson, Kirsten; Minor, Rick
Subject: CRC Travel Restrictions: In travel status request
Importance: High

Hi Lynn,

I was hoping that you could provide approval for Kirsten Anderson and Rick Minor to be "in travel status" tomorrow, December 2, 2008. Kirsten travels from Corvallis, OR to CRC, and Rick from Eugene, OR, every other Tuesday for an afternoon meeting with the Cultural Resources Group. Kirsten facilitates this group, which includes WSDOT and ODOT Cultural Resource staff, NPS, DAHP, and OR SHPO, as well as other CRC project team members including Rick.

If it is possible, it would be helpful to have blanket approval for them to travel to these meetings every other Tuesday. They will both make an effort to participate in these meetings via conference call, when possible.

Thank you,

Megan

Subject: global crossing & office Max
Attachments: O Max11-19-08.xls

I had a feeling I forgot that Office Max one, as I had this cover page without the invoice! Yes to both, they should be paid.

Happy Monday!

Sharon :)

MONTHLY PROGRESS REPORT

TO: Ron Anderson, David Evans and Associates, Inc.
2100 SW River Parkway
Portland, OR 97204

FROM: Jeff Heilman, Parametrix, Inc.

DATE: December 17, 2008

PERIOD: 11/15/08 through 12/12/08

PROJECT: Columbia River Crossing Project

PMX PROJECT. #: 273-3012-004

DEA PROJECT. #: WDOT0000-0329

CONTRACT NO: Y-9245, Task Orders AF, Work Order No. XL 2268

I. Major activities/products completed or in progress during this period:

- Attended weekly and special project coordination meetings with WSDOT and ODOT.
- Coordinated with prime consultant and other task managers.
- Assisted with cultural coordination.
- Continued implementing archaeological research design and began coordinating future fieldwork
- Supported PI/Communications.
- Continued process of organizing comments for response in FEIS.
- Continued responding to comments from agencies on the DEIS.
- Continued responding to comment public comments received on the DEIS.
- Drafted memorandum explaining how CRC is expected to affect future land use patterns
- Continued working on permitting plan.
- Continued work and coordination on a Biological Assessment.
- Continued work with InterCEP on a Conceptual Mitigation Plan/Strategy
- Convened a meeting with a Greenhouse Gas Expert Review Panel to receive input on the DEIS methods and results and on a proposed approach in the FEIS.
- Worked with the GHG panel to draft a report summarizing their conclusions.
- Worked with the engineering team and ODOT/WSDOT right-of-way specialists to determine property acquisitions.

II. Schedule for Work - Next Monthly Period:

- Participate in project coordination meetings.
- Continue resource agency coordination.
- Continue Tribal coordination support.
- Continue archaeological research and field work
- Support public involvement/communications.
- Continue work on the Biological Assessment.

- Organize comments in preparation for documentation in the FEIS.
- Begin outlining the FEIS in preparation
- Begin analyzing direct impacts for the technical reports.
- Draft and coordinate responses to comments on the DEIS.
- Work with engineering, traffic, and transit teams in preparation for analyses to support the Biological Assessment and the FEIS.
- Finish work setting up a Greenhouse Gas Expert Review Panel

III. Problems/Potential Causes for Delay:

- Currently, archaeology fieldwork is behind schedule due to previous delay in approval for this phase of work. It is important to advance archaeology work prevent a delay toward receipt of a Section 106 MOA, publishing the FEIS, and a Record of Decision.
- Receipt of property acquisitions information is currently behind schedule and holding up the analysis needed to complete the Technical Reports.

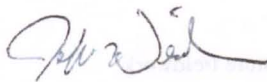

IV. Decisions Pending/Information to be provided by others:

- We expect to receive all the necessary information on property acquisitions next month in order to begin the Technical Reports.

V. Other Noteworthy information:

- This invoice includes cultural resources coordination work not included in the AF scope.

Sincerely,
PARAMETRIX

Jeff Heilman

INFLIGHT FOOD SERVICE

On some of your flights, in addition to our usual beverage service, you also have the option to purchase a meal using a credit card for \$5.00 (USD).

Please check the details section of your itinerary to determine which flights offer food for purchase. You can find more information at

<http://www.alaskaair.com/www2/help/faqs/MealService.asp>

BAGGAGE

When traveling on a partner airline, please confirm baggage restrictions at the partner airline's Web site.

CHECK-IN INFORMATION

All passengers must check in and have a boarding pass before entering the security screening checkpoint and going to the gate. You may check in when you arrive at the airport at a self-service device or the ticket counter of the operating carrier. Please have this document or your confirmation code available.

Picture identification, such as a driver's license or passport, is required for anyone 18 years and older at security. For international travel, anyone crossing an international border is required by the country of entry to produce evidence of citizenship. For more information please visit www.alaskaair.com/www2/help/faqs/Travel_Documents.asp or call 1-800-252-7522 for details. Mexican citizens and certain other groups of travelers may be eligible for a refund of the Mexican Tourism Tax of up to \$24.00 (USD). Visit <http://www.alaskaair.com/as/www2/help/faqs/Mexico-tourism-tax.asp> for more information.

Save time at the airport and simplify the check in process by providing the required International Travel Information online at

<https://www.alaskaair.com/booking/ssl/viewpnrstart.aspx>

To: Oeth, Patty
Subject: RE: Subconsultant - Parisi & Associates, Contract Y9245

Hi Patty

I don't have anything in writing. I had a phone conversation with Mike Kane (Director of Consultant Services). He agreed that the \$800 rent is acceptable in lieu of per diem. Please keep this email as your confirmation.

Thanks
George

Hi George,

I hope you enjoyed the beautiful weekend.

Were you able to locate backup for this rent decision?

Subject: Subconsultant - Parisi & Associates, Contract Y9245

George,

Since August 2006, David Parisi has charged \$800 (or less) for rent vs. staying in a hotel (his monthly rent is more than that, but we agreed on \$800).

We had conversations about this back in May 2006 and you had conversations with someone in Olympia. You told me that it would be acceptable to charge rent because he's here about 10 days per month and it would be more economical for the project in the long run.

I don't have the e-mail confirming this agreement. Do you have an e-mail from Olympia? I'd like to put confirmation of this agreement in my files. Thanks.

-Patty

Subject: Invoice #042-378410

Dann,

Here are some of the items that John Horne and Erin Wardell had worked on for the above invoice from November 22 through December 19, 2008.

John

Developing preliminary foundation capacities, seismic parameters, settlement analyses, liquefaction and lateral spreading analyses for the Oregon landside structures.

Erin

Compile and converted PB's scripts used for transit modeling from a software program called SAS (which Metro staff do not use and do not have a license for) to R which Metro does use.

Subject: RE: Invoice 042-378410

Dann,

With the newest explanation below of 22 hours on OR Landside Geotech, and 10 hours of meetings, I will process the voucher today reimbursing the 10 hrs of meeting time that I can verify. The landside geotech info was due last year and is behind schedule. I am denying 22 hours and you may resubmit on next voucher and hopefully a report will be delivered soon.

Subject: RE: Invoice 042-378410

Dann,

My apologies, I was under the impression that the previous response was sufficient. Please let me know if the following information is sufficient as soon as possible.

This invoice was an anomaly as it contained 18 hours for November 10th through 21st not processed on time because of a time sheet processing error on our part. The primary work is for preparation of the Oregon Landside Geotech Report. For November 24th through December 19th John worked 14 hours on the project; 4 hours on the report, 4 hours attending the Sole Source Aquifer meeting, 4 hours attend the CVIP Workshop and 2 hours on CVIP follow-up.

If additional information is needed, please contact me. Thanks.

Hi Chivanna/John:

We are going to go ahead and disallow the hours for John pending your response. You are more than welcome to resubmit these hours on a future invoice if you'd like.

Sue, I will send a disallowed form once everything is finalized on my end.

Cheers!

John,

You charged 32 hours on the above invoice covering Nov. 22 through Dec. 19, 2008. The client would like to know what task (s) were done during that time. Would you please provide a description of what was done and also something tangible such as work that has been done thus far to the CRC? The client is looking to withhold pay for these hours so please response.

Also, we are to expect these kinds of questions for all future invoices. Thanks.

Dann,

John has been charging to Task 8.04 because he has been working on evaluating the preliminary foundation recommendation for the landside bridges. The geotech team also had hours in Invoice #043-380721.

Subject: John Horne's hours from invoice #042-378410

Hey Sue, good morning!

WSDOT has asked me to check on what tasks John Horne performed as per the 32 hours he charged to the project on the above referenced invoice. If there is a detailed timecard that might help as well...?

Many thanks, as always!

Dann Horowitz

Dann,

Here are some of the items that John Horne and Erin Wardell had worked on for the above invoice from November 22 through December 19, 2008.

John

Developing preliminary foundation capacities, seismic parameters, settlement analyses, liquefaction and lateral spreading analyses for the Oregon landside structures.

Have not rec'd. LKR

Erin

Compile and converted PB's scripts used for transit modeling from a software program called SAS (which Metro staff do not use and do not have a license for) to R which Metro does use.

MONTHLY PROGRESS REPORT

TO: Ron Anderson, Project Manager
FROM: Chivanna Pot, PB
DATE: December 29, 2008
PERIOD: November 22, 2008 through December 19, 2008
PROJECT: **Columbia River Crossing**
PROJECT NO.: 80312CS
DEA CONTRACT NO: Y-9245, Task Order AF
Work Order No. XL 2268

COPIES:

I. Major activities/products completed or in progress during this period:

AF.02 Project Controls

- Continued document management (filing public comments, DEIS comments, public disclosures, conversation records, media inquiries, deliverables, meeting materials, and general correspondence).
- Continued working on the 2007/2008 update to the CRC Project Management Plan.
- Continued working on the Project Controls/Prolog manuals.
- Provided monthly deliverable and schedule updates.
- Provided funding and budget updates.

AF.07 Transit Planning and Engineering

- Continued coordination meetings with the bridge and highway group.
- Prepared the scripts and documentation used to produce the DEIS modeling output packages for Metro.
- Updated the Transit Technical Report.
- Continue addressing the DEIS Comments.
- Continue to refine the Clark Park and Ride design.
- Continue to work on design options for McLoughlin and downtown including bus routing information and city input.
- Continue to evaluate 2-Way Washington vs. Couplet and 16th vs. McLoughlin.
- Continued to refine the build alternative.
- Attended Transit team meetings.
- Continued support of other disciplines.

AF.08 Highway Planning and Engineering

- Continued coordination meetings with the main crossing and landside bridges.
- Begin work on the preliminary foundation recommendation for the landside bridges.
- Continued to refine the 10-lane option design.
- Continued work on the 10-lane Design Documentation.
- Continued work on the Design Exception and Deviation request for Oregon and Washington.
- Continued incorporating internal CRC comments into the 10-lane design.
- Continued to develop conceptual plan for Marine Drive alternative alignments.
- Continued work on the bike/ped facility on the Marine Dr., Millplain and Fourthplain Interchanges.
- Begin work on the quantity estimate for the CEVP.

- Continued Work on the right-of-way map and submitted for internal review.
- Continued support of other disciplines.

II. Schedule for Work- Next Monthly Period:

AF.02 Project Controls

- Continue working on the Prolog/Project Controls user's manuals.
- Continue working on Prolog training manuals.
- Continue working on the 2008/2009 update to the CRC Project Management Plan.
- Continue development of Task AF scope of work.
- Continue to provide monthly deliverable and schedule updates.
- Continue to provide funding and budget updates.

AF.07 Transit Planning and Engineering

- Continue Coordination meetings with the main crossing and landside bridges.
- If needed, prepare additional revisions and updates to the New Starts package sent to FTA in response to their comments and guidance.
- Begin station area planning along side the more refined alignment that will be included for analysis in the 2009 CRC Project Final EIS.
- Continue to support Metro with the scripts and documentation used to produce the DEIS modeling output packages.
- Continue addressing the comments on the DEIS.
- Continue to work on the build alternative.
- Continue to refine Clark Park and Ride.
- Continue to evaluate the 2-Way Washington vs. Couplet and 16th vs. McLoughlin.
- Continue to support other disciplines.

AF.08 Highway Planning and Engineering

- Continue coordination meetings with the main crossing and landside bridges.
- Continue working toward an agreement with ODOT on the design and prepare design exception reports.
- Continue working toward an agreement with WSDOT on the design and prepare design deviation reports.
- Continue to refine the interchange design for the 10-lane option.
- Continue preparing the Design Exceptions and Deviations for Oregon and Washington.
- Continue work on the bike/ped facility.
- Continue refinement of the Marine Dr. alternative alignments.
- Continue work on the quantity estimate in support of the CEVP.
- Continue work on the preliminary foundation recommendation for the landside bridges.
- Continue support of other disciplines.

III. Problems/Potential Causes for Delay:

AF.02 Project Controls

- None

AF.07 Transit Planning and Engineering

- None

AF.08 Highway Planning and Engineering

- A decision regarding which Marine Dr. option to carry forward was to be made in early November, and that deadline has since past.

IV. Decisions Pending/Information to be provided by others:

- Geotechnical analysis for Columbia River and Oregon Slough crossings
- Guidance for further development of Marine Drive alignment alternatives

V. Other Noteworthy information:

- All work associated with Alternatives 4 and 5 as well as the special technical transit study are considered "out-of-scope". To date, we have performed 2 months plus of out-of-scope work on Task AD.
- Also in Task AD, the extent of the evaluation required for the Transit in a box VE recommendation to date was far greater than anticipated.

Columbia River Crossing

Hi Dan,

Attached are the reports you requested showing dates, hours billed, etc.
Please let me know if you need anything else.

Thank you,
Rolanda Ross
Project Administrator

From: Horowitz, Dann [mailto:horowitzd@columbiarivercrossing.com]

Subject: FW: Invoice for CRC?

Hi Rolanda – in reviewing your invoice # 378831, WSDOT has requested a breakdown that shows the dates and corresponding hours for the billed time on the invoice, as well as a similar report for all proceeding invoices.

Different subs provide this in different ways, but basically they just need a billing backup, either in the form of a summary report showing dates/hours, or copies of timecards would also be sufficient.

If at all possible, please provide this for the abovementioned invoice asap (today or tomorrow??!?!), so that I can ensure prompt payment of this invoice. I would also need these for any invoices that followed this one, already submitted or going forward.

Many many thanks, and sorry for the late request, I know you have a full plate as it is!

Dann ☺

RE: Columbia River Crossing

Dear Mr. Horowitz,

Enclosed please find our invoice **AR No. 378831** in the amount of **\$18,811.98**. This invoice covers services to the above referenced project for period of October 25, 2008 through December 19, 2008.

For the period, the following services were completed:

Work Element 3

- Ongoing contract management and administration
- Regular weekly finance team conference calls
- Financial model modifications and updates, including allowing for 2018 and 2019 bond issuances.
- Preparation of financial information for Steve Siegel
- Participation in several conference calls with Stantec and Dave Parisis regarding toll traffic forecasting
- Began documentation work for the CRC toll finance plan report

Work Element 7

- Nothing to report.

Please reference the above AR No. on your check stub when remitting payment to the following address:

PB Consult Inc.
P.O. Box 51615
Los Angeles, CA 90051-5915

If there are any questions, please contact me at (206) 382-5284 or Rolanda Ross, Project Control Coordinator at (212) 613-8825.

Sincerely,
PB Consult Inc.

Brent Baker
Contract Manager

Project: Columbia River Crossing

INVOICE FOR SERVICES

Invoice Date: December 24, 2008

Invoice Period: September 12, 2008 to December 31, 2008

Invoice for professional services associated with the Columbia River Crossing project, specifically consultation and peer review of seismic hazards and preliminary site response modeling. The services provided during this invoice period included the following:

1. Project introduction and scoping meeting at S&W office in Lake Oswego, Oregon.

Travel:	^{156.1} KAD 180 miles at \$0.585/mi	\$105.30
Travel time:	3 hours at \$200.00/hr	gratis
Meeting:	3 hours at \$200.00/hr	\$600.00

Deduct \$13.98
as incorrect
mileage recorded
KAD

2. Review of boring logs and geotechnical site characterization

Labor:	2 hours	\$400.00
--------	---------	----------

3. Consultation on cyclic soil testing program

Labor:	1 hour	\$200.00
--------	--------	----------

4. Review DEA/S&W contract, scoping and preparation of draft budget for seismic analyses and dynamic SSI

Labor:	4 hours	\$800.00
--------	---------	----------

5. CRC project meeting at S&W, Lake Oswego, Oregon.
Consultation on dynamic soil response modeling with DMOD.

Travel:	^{156.1} KAD 180 miles at \$0.585/mi	\$105.30
Travel time & Meeting:	6 hours	\$1,200.00

Deduct \$13.98
as incorrect
mileage recorded
KAD

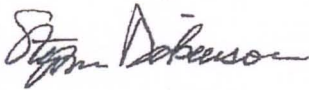

Total amount due:

KAD
~~\$3,410.60~~

\$3,382.64

Please remit payment to the address provided at the top of this form.

Thank you very much for your valuable assistance throughout the execution of this project. I appreciate the opportunity to assist Shannon & Wilson, Inc. on this signature project. If you have any questions or comments pertaining to this invoice please do not hesitate to contact me.

Rust, Lynn

From: Peterson, Laura
Sent: Wednesday, February 25, 2009 11:38 AM
To: Green, Frank
Cc: Rust, Lynn
Subject: RE: Shannon and Wilson Billing

I spoke with Bill Hegge about this. These charges reflect work on the river crossing, not the UCSD research consultation. Essentially, WSDOT and ODOT geotech were in agreement that there was a need to bring Steve on as an expert in liquefaction issues, and this was discussed during the formulation of the scope. WSDOT geotech directed Steve's work on the assumption that he was under contract. They realize now that he wasn't under contract, and admit that error.

Steve's work was to consult on a seismic analysis of Pier 4, and to consult on the evaluation of liquefaction and lateral spreading at the south shore. Both DOT geotechs concurred that it was necessary since this is state-of-the-art work.

I'll let you respond to the pay/no pay question.

From: Rust, Lynn
Sent: Wednesday, February 25, 2009 10:56 AM
To: Green, Frank
Cc: Peterson, Laura; Rust, Lynn
Subject: Shannon and Wilson Billing

Hi Frank,

I discussed with Laura and she is most likely doing this, but will you please review and check in with both Jan Six and Bill Hegge or Tony Allen and ask if they are involved in directing the work of Steve Dickensen? Is there value added? I am unsure if the DOT's are directing the work or if SOW is.

I may be remembering wrong, but when the SOW scope was being discussed I thought both DOT's were in favor of having Dickensen on contract, although he was never a sub to DEA, or hired by DOT.

Please advise on whether or not to pay. Horowitz is checking on the mileage, so don't worry about that part.

**ACTIVITIES AND PRODUCTS
DECEMBER 1, 2008 – DECEMBER 30, 2008**

Work Element	Product/Activity
3.1 Project Management	Participated in meeting with Project Directors. Participated in Task Managers meeting. Prepared monthly progress reports for November and December. Participated in SASS. Participated in meeting with Project Control staff.
3.2 Outreach	Prepared responses to Senator Murray staff on need for legislation. Prepared materials for Project Sponsors Council meeting.
3.3 Tolling	Continued with toll sensitivity analysis. Participated in conference calls with PB, Stantec and Parisi. Reviewed 2030 and 2015 post-processed traffic volumes for each toll scenario. Researched toll rates charged at comparable bridges in US.
3.4 Finance	Prepared response to FTA on O&M cost questions. Participated in preliminary CVEP meetings; reviewed risk registry regarding financial and tolling issues. Responded to financial questions from WSDOT.
3.5 Institutional Issues	Continued analysis of project agreement issues. Participated in transit coordination meetings. Analyzed issues regarding required transit network for FEIS and TSUB matters. Coordinated with TriMet and C-TRAN on network issues. Reviewed ODOT paper on internal governance issues.

Columbia River Crossing

Hi Dann,

Most of the in-house printing charges are related to large color prints made for Neighborhood Workshops on January 10 and 14, 2009. Each workshop required 20-30 30x40 alignment maps (one of both alignment options per table) plus five 80' long strip maps for the walls. We also provided 2-3 handouts of the strip maps at each table. We were able to reuse some of the materials between workshops, but others were either drawn on or CRC staff had edits that had to be made between the 10th and the 14th. The rest of the print charges were of the standard variety relating to the studies and documents we produce for meetings and internal analysis. The bulk is due to the load from the workshops. Please let me know if you need any additional information.

Hi Karen - in reviewing your above-referenced invoice, WSDOT has requested that I provide a few more details in regard to the printing charges listed under Task 7.7.

Specifically, they would just like extra details on what the in-house color copies were for, most of which were printed by Nolan, which is why I have cc'd you Nolan on this email.

Please just let me know, and of course if you have any questions or concerns, feel free to contact me by phone or email. Please reply to all on your response as well, so that Lynn Rust will also see your response, and many thanks in advance for your assistance!

FEB 25 2009

Columbia River Crossing

I apologize, I thought this was the January invoice. The printing for December would be for the development of materials used in meetings between consultants and CRC staff. There were a number of large plots made for viewing on the wall, but far fewer than were made for the workshop. We were also working on developing the alignment maps and the three block strip maps that were eventually used in the neighborhood workshops, so we were printing drafts and marking them up.

Subject: Re: zgf Dec 2008 inv

Hi Karen - in reviewing your above-referenced invoice, WSDOT has requested that I provide a few more details in regard to the printing charges listed under Task 7.7.

Specifically, they would just like extra details on what the in-house color copies were for, most of which were printed by Nolan, which is why I have cc'd you Nolan on this email.

Please just let me know, and of course if you have any questions or concerns, feel free to contact me by phone or email. Please reply to all on your response as well, so that Lynn Rust will also see your response, and many thanks in advance for your assistance!

Dann

MONTHLY PROGRESS REPORT

TO: Jay Lyman, Dann Horowitz
FROM: Paddy Tillett
DATE: December 31, 2008
PERIOD: Preceding month
PROJECT: Columbia River Crossing
PROJECT NO.: P90631.01

DEA CONTRACT NO: Y-9245, Task Order AF
Work Order No. XL 2268

COPIES:

I. Major activities/products completed or in progress during this period:

- 7.7 Preparation of meeting materials & participation in VWG meeting
- 7.7 Development of platform and street design concepts
- 8.6 Participation in the UDAG Public Arts meeting on December 3, 2008
- 8.6 Participation in full UDAG meeting on December 12, 2008
- 8.6 Verification of landscape concepts to be developed and base drawings needed
- 8.6 Initial development of landscape concepts north of Columbia River

II. Schedule for Work- Next Monthly Period:

- UDAG workshop on January 23, 2009
- Review Marine Drive recommendations using UDAG June 2008 report recommendations
- Review comments on final draft report from UDAGs, CRC staff and others
- Coordination with CRC staff
- Follow up on January UDAG workshop products and on public art initiatives
- Freeway corridor urban design assessments, including transit elements

III. Problems/Potential Causes for Delay:

- LRT startup previously delayed pending working group and other stakeholder groups involvement.

IV. Decisions Pending/Information to be provided by others:

- New bridge type options to be presented to UDAG at January 23 workshop
- Draft EIS outcomes and follow up actions
- Corridor alignments and dimensions for urban design analysis
- Design competition and selection criteria for Evergreen freeway lid
- Transit and pedestrian transitions to and from the main span

V. Other Noteworthy information:
